

Worksheet 2 – Anticyclones

The charts below show two synoptic charts of two anticyclones affecting the UK at different times of year.

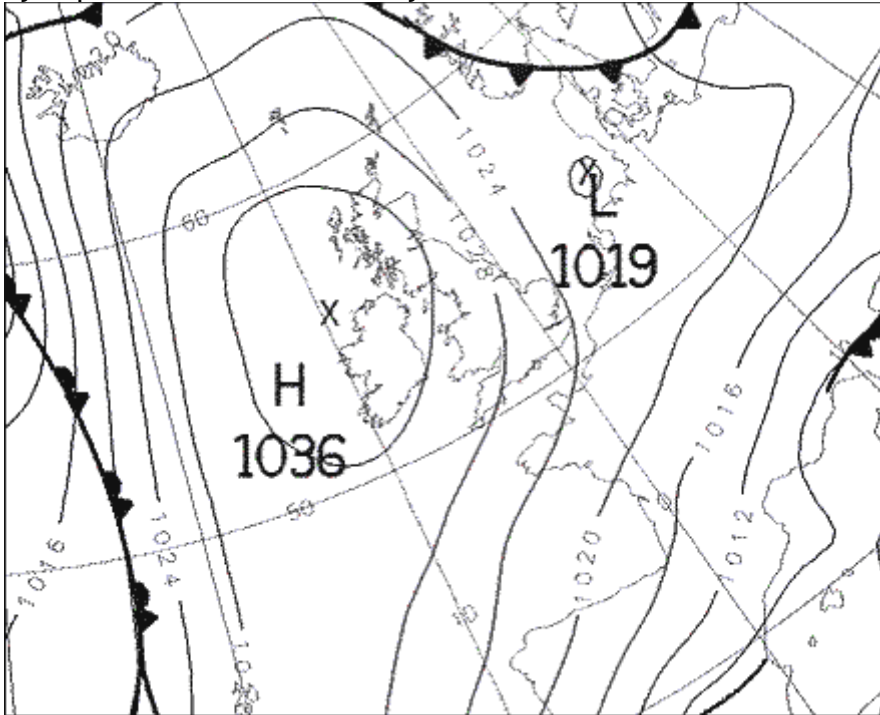

Describe the differences in weather which might be experienced in Birmingham between the two charts. Make sure you include temperature, weather and cloud cover.

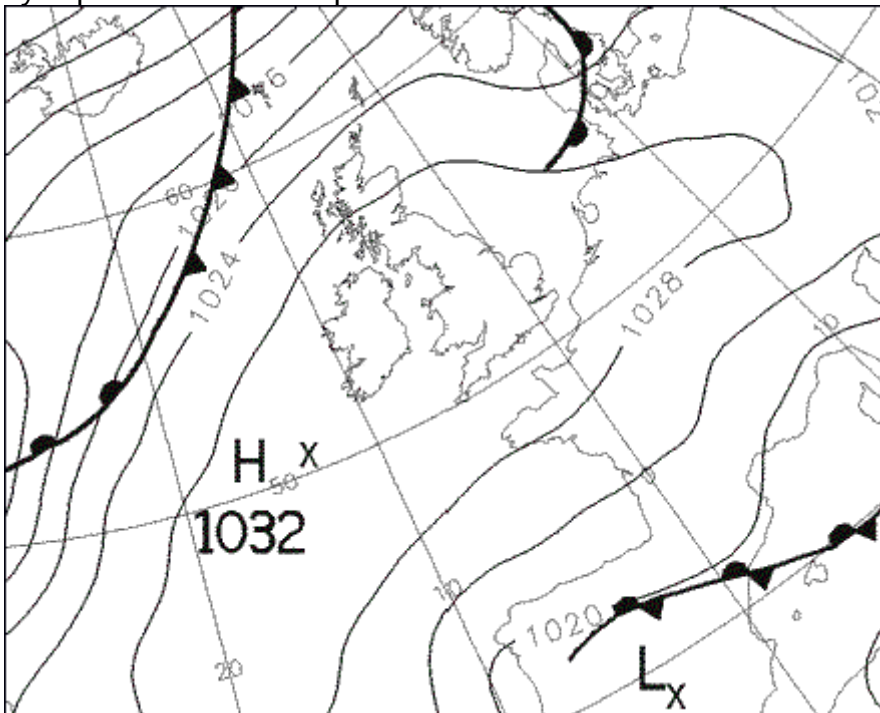

Explain why these differences might occur.

Synoptic Chart for 10 January 2003

Synoptic Chart for 3 September 2003

What to do next

Now you can now move on to Part B – Fronts.
