

# Day and night

Cut the diagram out and stick it in your book.

Now cut out the words from the word bank at the bottom and stick them in the right place on the diagram (you will not need all of the words).

Our planet spins  or from  to .

It takes  hours for one spin, we call this one .

Anticlockwise

West

24

Day

**Day here.**

The Earth receives light from the sun.

**Night here.**

As the Earth shadows the sun.

Clockwise

East

48

Extension:

Explain what happens when the moon moves between the sun and the Earth. What do we call this?
