

'Rates Of Human Induced Warming'

- a) Monthly- jumps around a lot Human Induced: smooth line (2)
- b) 1984 (show working on graph) (1)
- c) $0.010^{\circ}\text{C}/\text{year}$ (0.005 – 0.015) Draw tangent (3)
- d) $0.016^{\circ}\text{C}/\text{year}$ (3)
- e) the rate of temperature change is increasing, not staying the same (1)
